

Change to M50/N7 (Red Cow)

Interchange Traffic Layout From 20th October 2007.

On Friday night 19th October the following changes will be made to the M50/N7 Interchange Traffic Layout, as per the October Update Leaflet.

N7 Inbound to M50 Southbound.

- N7 inbound to M50 southbound traffic will be directed to a new permanent freeflow loop (shown in purple).
- Traffic accessing the above freeflow loop should use the centre lane of the N7 inbound.
- N7 city bound traffic should use the right hand lane of the N7 inbound.

Please exercise care when using the revised layout.
