

TRANSPORT High-tech Airport Hopper service offers frequent runs to facility

New west Dublin airport link is up and running

A NEW bus service now links Liffey Valley and the airport, following the launch of the Airport Hopper round service last week.

The direct service serves Maynooth, Leixlip, Lucan and The Clarion Hotel

Liffey Valley, and will operate a frequent daily service.

The service will link Dublin Airport and the residents of County Kildare and West Dublin for the first time in more than 18 months.

Airport Hopper's chief executive, David McConn, says the new service will create between four to six jobs, with the potential to scale upward in the next 12 months.

"We want to take the stress out of

airline travel by making the ride to the airport as smooth as possible. So, we are going to tap into today's technologies, such as wi-fi and GPS.

"Our passengers can also enjoy the comfort of travelling onboard a brand

new high-comfort, air-conditioned coach," said McConn.

A park and ride facility is in operation from the Clarion Hotel Liffey Valley. For further information, see airporthopper.ie.

CAMPAIGN: SUPPORT SERVICE RAISES AWARENESS

Phoenix helps focus on mental health

A LOCAL outreach programme celebrated its 11th year last month with a successful green campaign to get people talk-

ing about mental health openly.

Phoenix Clubhouse offers an invaluable support service in the

Clondalkin area to adults with mental health difficulties.

See Change, the National Stigma Reduction Partnership and its 70 partner organisations, rolled out a hugely-successful month-long national green ribbon campaign to get people talking openly about mental health problems in May.

The men and women of Phoenix Clubhouse have been actively involved in this campaign.

People were asked to wear the green ribbon and support this movement to spark a national conversation about mental health. The aim is to make the month of May every year synonymous with challenging the stigma of mental health.

Niamh Coady, of Phoenix Clubhouse, said that the initiative inspired their users.

She said: "See Change inspired Phoenix to get out and about in the local community and meet local employers and business people to start the conversation to break down the stigma of mental health."

"A team of staff and members hit the streets telling the Clondalkin community about the See Change campaign and the supports available in Phoenix Clubhouse."

She added that the local areas needed help from initiatives such as Phoenix more than ever.

"Now, more than ever,

people in Clondalkin, Tallaght, Rathcoole, Lucan, Newcastle and surrounding areas need to know that Phoenix Clubhouse is here and ready to support people to recover from mental health difficulties.

"The more people in the community that know about Phoenix Clubhouse, the better supports we can offer."

Phoenix Clubhouse is part of EVE, a programme within the HSE whose primary ethos is to provide community-based recovery-orientated programmes for adults who experience mental health difficulties, intellectual difficulties, Asperger's Syndrome, and physical and sensory disabilities.

This is achieved through a network of vocational, rehabilitative and clubhouse services in 21 locations across the Dublin North East and Dublin Mid-Leinster HSE regions.

Coady added: "If you or anyone in your family may benefit from the support of Phoenix Clubhouse EVE, contact us today to arrange an appointment to visit and see if the clubhouse can help you on your personal recovery journey."

Phoenix Clubhouse is based at the EVE/HSE building at Unit E3, Station Rd, Business Park, Clondalkin.
